

DIRECTORS' RESPONSIBILITIES AND APPROVAL

The directors are required in terms of the Companies Act to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the Group and Company as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with International Financial Reporting Standards (IFRS), the SAICA financial reporting guides issued by the Accounting Practices Committee, the Financial Reporting Pronouncements as issued by the Financial Reporting Standards Council, the requirements of the Companies Act, as amended, and the Listings Requirements of the JSE Ltd. The external auditors are engaged to express an independent opinion on the financial statements.

The directors acknowledge that they are ultimately responsible for the system of internal financial control established by the Group and Company and place considerable importance on maintaining a strong control environment. To enable the directors to meet these responsibilities, the Board of directors sets standards for internal control aimed at reducing the risk of error or loss in a cost-effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the Group and the Company. All employees are required to maintain the highest ethical standards in ensuring the Group and entity's business are conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the Group and Company is on identifying, assessing, managing and monitoring all known forms of risk across the Group and Company. While operating risk cannot be fully eliminated, the Group and Company endeavour to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The directors are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The directors reviewed the Group and Company's cash flow forecast for the year to 31 August 2018 and, in light of this review and the current financial position, they are satisfied that the Group and Company has or have access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently auditing and reporting on the Group and Company's annual financial statements. The annual financial statements have been examined by the Group and Company's external auditors and their report is presented on pages 6 to 11.

The annual financial statements set out on pages 12 to 111, which have been prepared on the going-concern basis, were approved by the Board of directors on 7 November 2017, and were signed on their behalf by:

Reverend Dr VC Mehana
Non-executive chairman

K Abdulla
Chief executive officer
